Dubai Municipality calls on all educational institutes in Dubai to adhere to the following precautionary measures during COVID -19:

Increase cleaning and disinfection frequency on Electrical equipment and devices including water dispensers.

Availability of hand sanitizers next to the dispensers.

Providing awareness guidance posters for precautionary measures next to the dispenser.

Drinking water from disposable cups provided only.

Availability of waste bins or container next to the dispenser.

Monitoring and assisting users under age of 6 years old upon dispenser usage.

Monitoring social distancing upon using dispenser, by maintaining 2 meters in queued people.
